

Ironwear[®]

PPE & SAFETY GEAR

NEW INDUSTRY STANDARDS

The standard recommends all roadway construction personnel and vehicle operators, utility workers, survey crews, emergency responders, railway workers, and accident site investigators wear these garments.

A Final Rule enacted by the Department of Transportation – Federal Highway Administration took effect on November 24, 2008. Final Rule 23 CFR Part 634 requires that workers on a Federal-aid highway exposed to vehicular traffic or construction equipment within the work area wear high-visibility safety apparel. This rule specifies classes of workers commonly impacted. They include the following:

Highway Construction
& Maintenance Crews

Survey
Crews

Utility
Workers

Road Crews
& Volunteer Clean-Up Groups

Responders
to Incidents

Law Enforcement
Personnel

We provide the solution to this new requirement by offering a high-quality, high-visibility booney hat. This hat from Ironwear meets the compliance regulations and is available for bulk purchase at a discounted rate.

BOONEY HAT, IRONWEAR 1271-0 HI-VIZ HAT WITH REFLECTIVE TAPE - ORANGE

- ◆ High Visibility Orange
- ◆ 2" Lime Color Contrasting Tape
