

Technical Sheet

ÁLCOOL GEL

	<h3>ÁLCOOL GEL</h3> <h4>HANDCARE DISINFECTANT GEL</h4>
DESIGNATION	<p>Alcohol-based product suitable for hands disinfection through friction without rinsing. This product does not contains perfume or dyestuff, therefore is recommended to use at food processing and hospital areas.</p>
PROPERTIES	<p>It is a highly effective ethyl alcohol skin disinfectant against transient skin microorganisms. This product also contains urea, an excellent skin care ingredient. Therefore it can be applied in areas where frequent hand disinfection is a requirement, such as hospitals.</p>
USE	<p>Apply a dose to the hands, massaging completely to dry, paying particular attention to the fingers, nails and the space between the fingers. Massage for at least 30 seconds until it is completely evaporated.</p>
HYGIENE AND SAFETY	<p>Check Safety Data Sheet. Keep the product in the original package. Avoid extreme temperatures. In case of an accident, call in the Anti-Poisons Information Center (CIAV) on +351 808 250 143.</p>
CARACTERISTICS	<p>Physical State: Liquid Appearance: Gel Color: Colorless Odor: Alcohol pH: [6-7] Relative density at 20°C: 0,94 Solubility properties: Water-soluble BIODEGRADABLE PRODUCT</p>
PACKAGE	<p>12x500ml; 6x750ml; 3x5L</p>
