

ProBreeze®

Negative Ion Generator

Built-in Negative Ion Generator: binds to and neutralises airborne pollutants including dust, pollen and smoke for cleaner air.

Quiet Sleep Mode

The innovative sleep mode quietly filters the air without disturbing your sleep. Helping those who suffer from allergies or hay fever to enjoy a peaceful nights sleep.

Easy-to-Use Touch Panel

Efficient and stylish, this air purifier is equipped with 3 Air Speeds, a Negative Ion Generator, Timer and Sleep Mode.

True HEPA Filter

An advanced 4 layer filtration system effectively removes particles and allergens, leaving air fresh and clean.

Fine Preliminary Filter

Captures large airborne particles including dust and pet hair.

Activated Carbon Filter

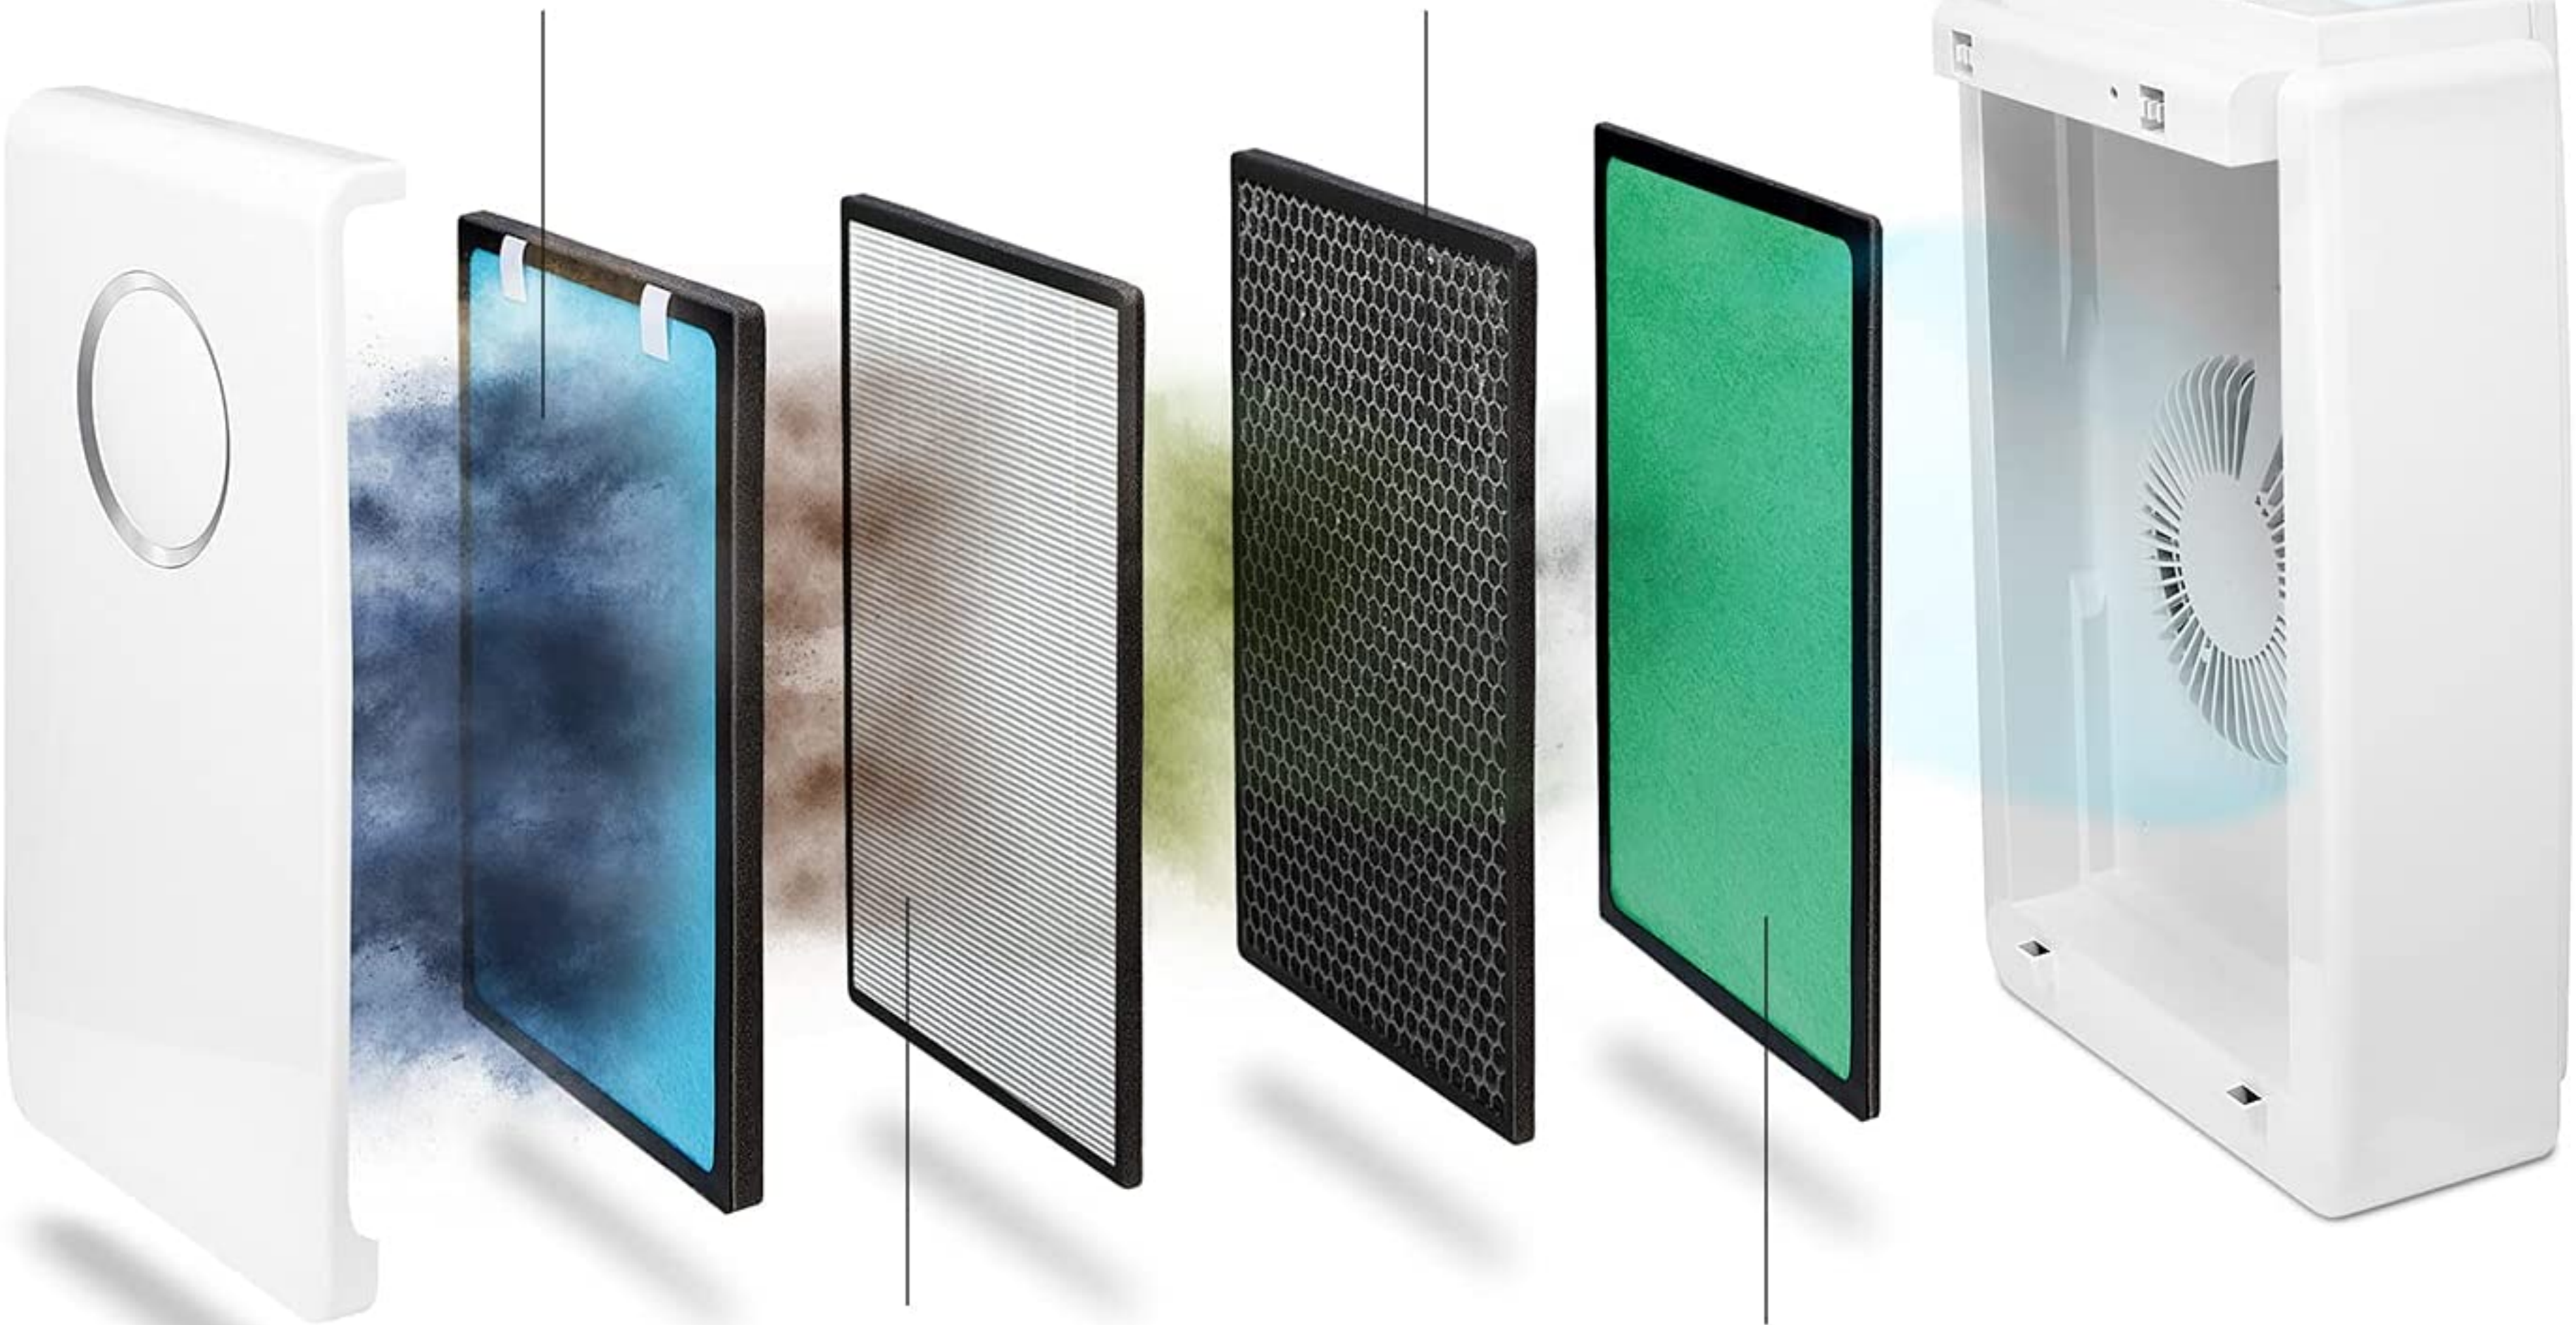

Absorbs contaminants, impurities, household odours and VOC's.

True HEPA Filter

Removes dust mites, pollen, pet dander and other allergy triggers.

Cold Catalyst Filter

Removes formaldehyde and any last remaining impurities.

3 Air Purification Speeds

Designed to be used in all situations, this air purifier features 3 speed settings including low, medium and high speed.

Smart Air Purification Timers

Use the control panel to select a 1, 2 or 4 hour timer, after which the air purifier will automatically switch off to save energy.
