INGREDIENTS		Demineralized whey, vegetable oils (palm, rapeseed, sunflower and high oleic sunflower), non fat milk, lactose, and less than 2% of: galactooligosaccharides*, trisodium citrate, calcium citrate, potassium citrate, mono calcium phosphate, calcium chloride, magnesium sulphate, calcium hydroxide, potassium chloride, potassium hydroxide, ferrous sulphate, zinc sulphate, copper sulphate, manganese sulphate, potassium iodide, sodium selenite, fish oil**, <i>sunflower lecithin</i> , mortierella alpina oil***, fructooligosaccharides, vitamins (L-ascorbic acid, retinylacetate, phytomenadione, cholecalciferol, d-L-alpha-tocopherylacetate, calcium D-pantothenate, riboflavin, nicotinamide, thiamine mononitrate, pyridoxine hydrochloride, D-biotin, folic acid, cyanocobalamin), choline chloride, taurine, inositol, L-carnitine, nucleotides (cytidine 5'-monophosphate, disodium uridine 5-monophosphate, adenosine 5-monophosphate, disodium inosine 5-monophosphate, disodium guanosine 5-monophosphate), antioxidants (ascorbyl palmitate and mix of tocopherols).	Non fat milk, lactose, vegetable oil (palm olein, coconut, soy and high oleic sunflower oils), whey protein concentrate, and less than 2%: galactooligosaccharides*, polydextrose, mortierella alpina oil**, schizochytrium sp. oil***, calcium carbonate, calcium phosphate, potassium citrate, ferrous sulphate, potassium chloride, magnesium oxide, sodium chloride, zinc sulphate, cupric sulphate, manganese sulphate, potassium iodide, sodium selenite, <i>soy lecithin</i> , choline chloride, ascorbic acid, niacinamide, calcium pantothenate, vitamin A palmitate, vitamin B12, vitamin D3, riboflavin, thiamine hydrochloride, vitamin B6 hydrochloride, folic acid, vitamin K, biotin, inositol, vitamin E acetate, taurine, L-carnitine.	-> We only use lactose as source of carbohydrates, avoiding any extra sugar like polydextrose. -> *We add one extra prebiotic; -FOS- fructooligosaccharides (both formulas have galactooligosaccharides -GOS-). -> (** & ***) Both formulas include DHA and ARA. -> Our formula includes <i>sunflower lecithin</i> as emulsifier instead of <i>soy lecithin</i> , so we can claim soy free and they can't. -> Our formula has a mix of 5 nucleotides and theirs doesn't.	Non fat milk, lactose, high oleic safflower oil, whey protein concentrate, soy oil, coconut oil, galactooligosaccharides*, and less than 2%: C. Cohni oil**, M. Alpina oil***, beta-carotene, lutein , potassium citrate, calcium carbonate, ascorbic acid, <i>soy lecithin</i> , potassium chloride, magnesium chloride, ferrous sulphate, choline bitartrate, choline chloride, ascorbic palmitate, salt, taurine, inositol, zinc sulfate, mixed tocopherols, d-alpha-tocopheryl acetate, niacinamide, calcium pantothenate, L-carnitine, vitamin A palmitate, copper sulphate, thiamine hydrochloride, riboflavin, pyridoxine hydrochloride, folic acid, manganese sulphate, phyloquinone, biotin, sodium selenate, vitamin D3, vitamin B12, calcium phosphate, potassium phosphate, potassium iodide, potassium hydroxide and nucleotides (adenosine 5' monophosphate, cytidine 5' monophosphate, disodium uridine 5' monophosphate).	-> *We add one extra prebiotic; -FOS- fructooligosaccharides (both formulas have galactooligosaccharides -GOS-). -> (** & ***) Both formulas include DHA and ARA. -> Similac has lutein , and we don't. -> Our formula includes <i>sunflower lecithin</i> as emulsifier instead of <i>soy lecithin</i> , so we can claim soy free and they can't. -> Both formulas have a mix of 5 nucleotides.	Lactose, vegetable oils (palm olein, soy, coconut, high oleic safflower), whey protein concentrate (reduced in minerals) nonfat dry milk, and less than 2% of: soy lecithin, calcium citrate, potassium citrate, corn maltodextrin, potassium chloride, 2'-0'-fucosyllactose, M. alpina oil***, Schizochytrium oil**, calcium phosphate, choline bitartrate, sodium ascorbate, sodium chloride, taurine, magnesium chloride, potassium hydroxide, nucleotides (cytidine 5' monophosphate, disodium uridine 5' monophosphate, adenosine 5' monophosphate), inositol, ferrous sulphate, alpha-tocopheryl acetate, mixed tocopherols, ascorbic palmitate, L-histidine, zinc sulfate, niacin amide, calcium pantothenate, B.Lactis cultures, L-Carnitine, copper sulfate, vitamin a acetate, riboflavin, thiamine mononitrate, pyridoxine hydrochloride, manganese sulphate, potassium iodide, folic acid, phyloquinone, biotin, sodium selenate, vitamin D3, vitamin B12.	-> We add TWO extra prebiotic; -FOS- fructooligosaccharides (both formulas have galactooligosaccharides -GOS-). -> GERBER uses soy oil in the vegetable oils mix, which is a cheap and low quality oil, and also has a very bad image because of the environmental print. -> GERBER has probiotics , and we don't (B.Lactis cultures). -> (** & ***) Both formulas include DHA and ARA. -> GERBER has HMO , and we don't. (2'-0' fucosyllactose) -> Our formula includes <i>sunflower lecithin</i> as emulsifier instead of <i>soy lecithin</i> , so we can claim soy free and they can't. -> Both formulas have a mix of 5 nucleotides.
